

## IN THE SHADOWS ART GALLERY CATALOG

Released July 18 - 21, 2024 & continues through 9/2/2024

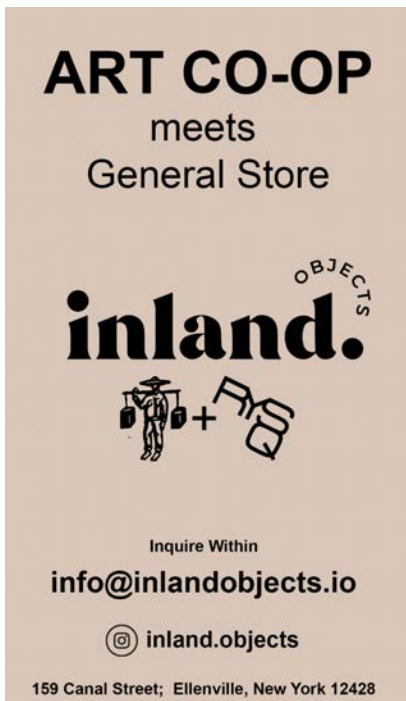

*In the Shadows* is a curated Mixed Media Art Gallery in a new Art Co-op + General Store in the village of Ellenville

Location: **159 Canal Street; Ellenville NY 12428**

Adjacent to Shadowland Theater

During the 4 days of Upstate Art Weekend we will be having Open Studios Sessions with Complimentary Workshops and Popsicle Appointments to bridge the gap between Upstate and Downstate artists and makers in NY State.

Our focus this season is **Self Care and Positive Vibes for July & Back to School for August..** We hope our art and ethos exudes that ambiance when you walk in and that it builds the momentum we are looking for to continue a path forward for this Art Co-op to continue past this season. The art included in this catalog will remain up through Labor Day Weekend.

Please note: 100% of the proceeds goes back to the artist for all work submitted for Upstate Art Weekend. The Inland Team does not accept any % commission for the hard work of the artists and makers and believes their effort should be returned in exchange for participating this season in our first Art Co-op General Store Concept curated by Jason from Second Son Vintage & Robyn from RYSQ LLC.

Please also note: Majority of our workshops are complimentary.

If we do decide to charge a fee, it is on a sliding scale and a portion of the proceeds is donated to a local organization relevant to the festival and workshop theme.

- We accept payment via Square on site in the storefront.
- Items can be reviewed in this catalog and reserved in advance for pick-up via email and paid in advance.
- If you have any questions or would like to see additional views or learn more about any pieces in this catalog or more info about the artist: **please email info@inlandobjects.io**
- Thank you in advance for your support in our first season building out this Art Co-op concept

For more information about the 2024 Summer Art-Coop see an excerpt from our Dossier in the final pages.

### Mafia Bags

Founded in Buenos Aires in 2012, Mafia began as a pursuit to find the ultimate bag to carry our wetsuits around the globe. We knew we wanted a sustainable solution, but it had to be premium and useful too – something we could seamlessly carry from the plane, to the beach and onto the city.

We made our first bags using an upcycled sail, learning as we went, but we couldn't shake the feeling that we were onto something big. Soon our community and friends began donating sails to use, and we developed a circular relationship where they tested our packs out on the sea and we created new designs from their retired sails.

Now operating across two countries, we're growing the team and have expanded our products from that globe-trotting wetsuit bag to a refined assortment of versatile packs and totes to serve people from all walks of life. We're fortunate to regularly work alongside industry leaders from Patagonia Provisions, MoMA, the Stanford Design School and others to bring you innovative, low-impact products from reclaimed materials.

We remain dedicated to the community in which we live, employing local people to cut and sew each bag right here in California. We'll fix and repair any product you get from us for life. And we are doing our part to help people buy less but buy better.

### Join a thriving community in Upstate New York

Our Mission is to bridge the gap between upstate and downstate artisans and makers while also providing a safe haven for intergenerational programming for creative pursuits. Each season will have a focus and each month will present a theme to curate and build ideas on as the space evolves week to week. To compliment this endeavor at the front will be a curated general store to help support the surrounding community and tourism with items not found in other local retail locations.

**Inland Objects Introduction:** is a collaborative platform for upstate artists to

- Showcase
- Collaborate
- Mentor
- Exchange
- Network
- Promote their work with minimal financial investment
